passed that examination.

I have read and understood the graduation rate, licensing or certification examination pass rate, and job placement rate information provided above.

We have been told by 2 student that were scheduled to graduate in that year, even though they graduated, the decided not to look for a job in that occupation. Also, 4 of the students scheduled to graduate in that year have not responded to our job placement questionnaire, so we don't know whether they have found jobs.

* Examinations taken during the period between January 1, 2010 – December 31, 2010 for graduates include re-exams for the practical and/ or written for each license type of exams from students who may have graduated from prior classes.
