

## BARBERING PROGRAM (1500 hours)

### Be a part of the growing demand for barbers!

A BARBER is an expert in working with male and female clientele. They gain specific insight on short hairstyles. They also offer services such as facials and modern/traditional shaves.

Our modern training facility was designed to simulate a barbershop so that you may gain the real life experience needed for your career training.

### Technical instruction and practical operations:

Disinfection/Sanitation, Hairstyling, Permanent Waving, Chemical Straightening, Hair Coloring, Bleaching, Haircutting (Scissors, Shaper, Electrical Clippers/Trimmers, and Thinning Shears), Shaving Techniques, Facials, Anatomy and Physiology
